## A WARM FIGHT.

### Seven Americans Killed in the Battle of Calamba.

#### Insurgents Kill Several Natives, Friendly to Americans.

#### Many Soldiers in the Philippines Are Re- Enlisting.

#### ROOT TAKES OATH OF OFFICE.

Manila, Aug. 1.—Sunday's fight was a warm one. The insurgents were unwilling to abandon the place, which is the key to the lake road, General Hall, hearing that General Malabara was preparing to attack, sent Major Welton, with three companies of the Twenty-first infantry, three troops of cavalry and one of Hamilton's guns to attack the insurgents. This detachment found 1,000 rebels behind hastily made intrenchments. The rebels held their fire until the contingent of the Twenty-first regiment was within 300 yards, when they fired a volley. The Americans dropped in the high grass out of sight and returned the fire.

Lieutenant Love, walking erect along the front of the men, was shot in the arm. An insurgent officer, equally brave, stood at the top of the trenches directing the fire of the insurgents until killed, when the Philippines fell. During the fighting in the north side of the town a small body of insurgents attempted to enter the south side, but troops of cavalry repulsed them.

The total American loss at Calamba was seven killed and twenty wounded. Sixteen dead insurgents have been found.

The American garrison at Morong is going to Calamba. A body of insurgents visited Tay, where they killed several natives who were friendly to the Americans.

#### ELIOT ROOT IN CHARGE.

Takes the Oath of Office Today as Secretary of War.

Washington, Aug. 1.—Eliot Root took the oath of secretary of war today. The oath of office was administered by Judge Cole, of the supreme court of the District of Columbia.

"Here is your commission," said Mr. Root, handing it to Mr. Root, "in which you lose your identity and become Mr. Secretary. I go back to become a sovereign citizen of the United States and Mr. Root."

"I sincerely wish it were the other way," said Root.

General Miles entered with his staff in the full dress uniform of the major general commanding the army. He stopped to talk with Secretary Root for some time.

#### Belgium Cabinet Resigns.

Brussels, Aug. 1.—The cabinet minister, this morning, decided to resign in view of the rejection yesterday by the parliamentary committee of fifteen of all the government electoral bills.

#### SOLDIERS RE-ENLISTING.

A Number of Discharged Soldiers Will Re-enlist in the Philippines.

Washington, Aug. 1.—According to advice received today by the war department from Gen. Smith, a good many of the northwestern volunteers have re-enlisted in the new regiment being organized in the Philippines. The following is Gen. Smith's cablegram:

Manila, July 31. Adjutant General. Washington.—The transport Grant sailed yesterday with seventy-eight officers, eight civilians, 1,333 soldiers, and the discharged men of the Wyoming, North Dakota and Idaho organizations. Left behind about 200 discharged men, a good many having re-enlisted. The only sick soldier left behind is Corporal Frank Gore, company H, Wyoming regiment. The Minnesota regiment and the discharged men will leave next. The ship will sail in a few days.

#### Outrigger During a Fog.

Queenswood, Aug. 1.—The Cunard line steamer Cephalonia, Capt. Pearce, from Boston, July 22, for Liverpool, which arrived today at 10:55 a. m., was detained during the night. Between 2 and 3 o'clock in the morning, while making the Irish coast, it collided with a sailing vessel, supposed to be a bark. The vessel separated quickly, and a boat was launched from the steamer, but all search for the sailing craft was unavailing. The Cephalonia was not damaged.

#### Gunboat and Ferry Boat Collide.

New York, Aug. 1.—A collision occurred this morning between the ferry boat New York of Williamsburg, and the United States gunboat Dolphin. The bow of the gunboat cut through the ferry boat into the engine room, breaking the main shaft and damaging the machinery. The gunboat's bow was bent and several feet of rail torn away. She continued on her way up the river. Secretary Long was on board.

#### Window Glass Combustible.

Pittsburgh, Aug. 1.—The consummation is practically assured. It has been decided to take no options on five pieces of the worst that expire today, and the money will probably be paid before tomorrow. A charter was granted yesterday to the American Window Glass company, under which the combination will be perfected. The company is capitalized for \$57,000,000.

#### Presidential Party.

Plattsburg, N. Y., Aug. 1.—Postmaster General and Mrs. Charles Emory Smith joined the presidential party here this morning for several weeks. Mrs. McKinley continues to improve steadily.

#### Cruiser Olympia.

Trieste, Aug. 1.—The United States cruiser Olympia, started for Naples at 1 o'clock this afternoon.

#### A South Dakota Earthquake.

Dead, 8. Aug. 1.—A terrible light-blast storm passed over this section last night, totally destroying the crops on 2,000 acres of land and severely damaging

## YAKS ON WARPATH.

### Several Americans and Mexicans Known to Be Killed.

#### The Number Killed Estimated at Fifty on Each Side.

#### Street Car Strikers in Cleveland Resorting to Violence.

#### YELLOW FEVER SITUATION.

Ortiz, Mexico, Aug. 1.—Any doubt that the conflict in the warpath in earnest was dispelled today when news reached here that several Americans and Mexicans had been killed in the pueblo or lower of the Yaqui valley, east and southeast of this station.

The courier who came in with the news of the slaughter declares that he saw the desperate fight at a point forty miles southeast of Ortiz, and has positive evidence that J. F. Remley, a merchant of Hermosillo, and E. Miller, photographer, were killed. Remley was one of the best known Americans in Sonora.

The inhabitants of towns near the Yaqui valley are in a state of terror. General Torres, the commander of the first military, who was in the field with the Twelfth regiment, is reported among the slain.

No information is obtainable as yet as to the number of fighting Indians under arms, but if the outbreak is of the proportions of the war that ended in 1877, the number may be placed between 3,000 and 4,000.

#### THE CLEVELAND STRIKE.

Proprietors of Stores Request Their Employees Not to Strike.

Cleveland, Aug. 1.—This is the sixteenth day of the street car strike, and apparently it is no nearer settlement than when it began. Late last night some unknown parties pushed an electric freight car loaded with ties from the switch on Mayfield heights, just east of the city, out on the main track and down a steep hill towards Euclid avenue. Half way down the incline it collided with an up-bound car with terrific force. Both cars were badly wrecked. No fatalities resulted.

The boycott has reached the downtown wholesale and department stores. The proprietors of many establishments are requesting their employees not to ride on the Big Consolidated cars.

#### YELLOW FEVER SITUATION.

No Additional Cases Reported—Surgeon General's Office.

Washington, Aug. 1.—The marine hospital service up to noon today reported nothing from the center of the yellow fever infection at Hampton later than Dr. Wadsworth's report last night, placing the total yellow fever outbreak at thirty-seven cases and seven deaths. Dr. Farquhar, at Portsmouth, reported this morning that he was in close touch with the authorities at Portsmouth and Berkeley and all was quiet, with no suspected cases. The situation is regarded as favorable today.

There has been no outbreak of fever outside of the original quarantine line. Each day passes without such development increases the confidence of the surgeon general that the fever will be confined to the original focus of infection. The usual period for incubation of the disease is from three to five days, although it has extended to eleven days. The time since the first outbreak is now almost up to the usual quarantine limit.

Objections have already been raised to the determination of the government to send the garrison at Fort Monroe to Bakery Point, Delaware.

Surgeon General Wyman called the attention of the war department to the fact that it is not far enough north to take the garrison, which possibly may have the yellow fever fever.

#### REASSURING TELEGRAM.

Surgeon General Sternberg to-day received the following telegram from Surgeon Victorio in charge at the National Soldiers' Home at Hampton, Va., the scene of the yellow fever epidemic. "Our epidemic is not extending, and there are two cases and one death. Origin not discovered. Do you know if we can get immune sera and nurses?"

Surgeon General Sternberg has responded to Surgeon Victorio's question in the affirmative and will furnish him immediately a list of surgeons and nurses, who may be employed by him for the surgeon is without authority to pay for them, out of his own appropriation.

#### FOUR DEATHS TO-DAY.

Newport News, Va., Aug. 1.—There has been four deaths from yellow fever at the Soldiers' Home to-day.

#### A "PLAYFUL" THEFT.

How a Pretty Six-Year-Old Girl Secured a Leghorn Hat.

Yesterday evening, a few minutes before 6 o'clock, a pretty little girl about 6 years of age entered the millinery store of Mrs. McCreight, 312 West Railroad avenue, and took a fancy to a child's white Leghorn hat, trimmed in forget-me-nots and chiffon.

The innocent little creature did not have the money to purchase the hat, amounting to about \$5, but stated, in her childish way, "that her mamma would call and buy it for her." The little girl then left the store, and Mrs. McCreight started back to the work room, where she heard footsteps again at the front door. On looking around the pretty, innocent little creature was gone, leaving the door at a running gait, and the Leghorn hat, which she so much admired, which she said her mamma would buy her, was gone.

The 5-year-old cherub had entered the store, grabbed the hat and disappeared, and in the race, which was a pretty one for a few yards, the little girl disengaged Mrs. McCreight and was soon out of sight, carrying the hat along with her. The mother of the child is requested to return the hat to the store.

#### The City Council.

The city council held a special meeting last night, with President Burkart in the chair.

A resolution was passed, authorizing the acting mayor to enter into a contract with Neil B. Field, by which he is to assist the city attorney in defending the suit recently commenced by M. F. Stamm against the city to prevent the

## AN AWFUL WRECK.

### Four People Killed and Many Injured Near Boone, Iowa.

#### Cattle Syndicate to Be Organized With \$25,000,000 Capital.

#### Will Have Extensive Ranges in N. W. Mexico and Texas.

#### DEWEY'S CHIEF ENGINEER MADE ADMIRAL.

Boone, Iowa, Aug. 1.—The fast mail train of the Chicago & Northwestern railroad, which left Chicago last night, jumped the track at "Kate Shelly curve," just east of the Des Moines river bridge, this morning. The engine and all the cars were wrecked.

The following are the killed: Engineer John Masterson, Boone, Iowa; Fireman Arthur Schmitt, Boone, Iowa; Clerk C. C. Roeder, Boone, Iowa; J. J. O'Brien, postal clerk, Chicago, died after reaching this city.

The following are the injured: Postal Clerk Packard, Dixon, Ill.; Postal Clerk A. W. Hoyt, Cedar Rapids, Iowa; Postal Clerk E. H. Shirk, McAnnam, Ill.; Postmaster C. C. Roeder, Boone, Iowa; Passenger Helper F. L. Fitzgerald, Missouri Valley, Iowa; Brakeman Thomas Flannery, Postal Clerk E. C. Lindell, Chicago.

The engine rolled completely over and the front of the train was thrown 150 feet into a cornfield. All the cars went over the bank.

#### Immense Cattle Syndicate.

New York, Aug. 1.—"I'm progressing slowly, but I'm sure to succeed," George H. Dewey, of Fort Worth, said to a Times reporter.

Loving is here to organize a big syndicate with a capital of \$25,000,000, with adjoining ranches in Texas and New Mexico—capable of herding 600,000 cattle.

"The dispatch from Chicago," he continued, "announcing that John V. Farwell, Swift & Co. and others are interested in the scheme, is correct. I am satisfied that there is plenty of money in the plan, and it can be operated very successfully."

#### Dewey's Engineer Honored.

New York, Aug. 1.—James Kintwistle, chief engineer of Dewey's fleet during the battle of Manila Bay, has been notified by the navy department of his retirement with the rank of rear admiral.

#### Private Boarding and Lodging.

Mrs. Fred Weston has purchased the rooming house at No. 213 West Railroad avenue, over Kompa's store, and will rent neatly furnished rooms at reasonable prices. This is a very convenient location, meals will be furnished to those who desire them.

## THE OLD RELIABLE WHITSON MUSIC COMPANY

### It is a well-known fact, "as all must admit," that the Whitson Music Company, who have stood the test for the past eighteen years in the city of Albuquerque, will continue to place the best of the country and foreign pianos at the same old uniform prices.

As regards the deterioration of pianos in the last few years, we beg to call the attention of the estimated public to the fact that FIRST CLASS GOODS COMMAND FIRST CLASS PRICES, not only in this country, but in the world over, and further, more that FIRST CLASS PRICES are made to stand all climates, and that the idea of any piano being expressly made for any particular climate is absurd.

We respectfully request that all who are contemplating the purchase of a piano to call and examine our goods, as we feel confident that prices quoted will prove satisfactory to all, taking into consideration the fact that our pianos are strictly first class and are guaranteed by a reliable firm whose integrity and ability has been shown by business done in the past.

Regarding the prospective piano buyers will favor us with a call and be convinced that our prices, "whether for cash or on the installment plan" are lower than any traveling agent or it fitting piano concern, can attempt to meet. We remain, very respectfully,

THE WHITSON MUSIC COMPANY.

#### FEW FAIR NOTES.

Be Ready to Accommodate the vast crowd of visitors.

Now that a big crowd is assured here during carnival week of the Territorial Fair association, it behooves hotel and lodging-house keepers, and all restaurants to begin preparations at once to receive the visitors.

The association will establish a bureau of information in due time at some convenient place near the depot, where visitors who have not previously engaged quarters can receive information. Those desiring to begin preparations at once to receive the visitors, with terms per night or week, and forward same to the president of the association so he can present them to the party who will have charge of the bureau of information.

The rate of half a cent a mile on the Santa Fe Pacific from all stations this side of Needles, Cal., guaranteed a tremendous crowd from the Arizona towns to the fair, and THE CITIZEN, in advance, warns our people to be prepared to receive the vast throngs.

The representative of THE CITIZEN, to his room the past few days, discovered that a number of merchants have already sent out large quantities of supplies, and from what can be learned Albuquerque will look prettier in the coming September than she has ever before.

The Kias and Woodmen of the World have taken hold of matters in a true manner, and the party they will take in the grand parade of Thursday afternoon, September 1st, will shine forth in a blaze of glory. Other lodges have also signified a desire to participate in the great parade festival.

The executive committee will hold an important meeting at the city hall this evening, when a program of the thousand and one things to be done, and prizes to be discussed, and arrangements perfected to commence work in time on the course for the sports and the midway pleasure.

Nothing but the best at Kuppe's soda fountain.

Mrs. C. C. Bradley, wife of Dr. Bradley, of Madrid, accompanied by Mrs. Kheel Thorpe, came in from the north last night, and both ladies registered at the Hotel Highland. They will return to Madrid this evening.

Prof. C. E. Hagkin, of the New Mexico university faculty, will leave this evening for Trinidad, Colo. He is expected to take the W. L. Trimble & Co. stage for the famous Sulphur hot springs.

"Jack" Harris, the Hall canyon miner and the camp partner of "Billy" Henderson, is expected to arrive in the city in the metropolis, purchasing supplies for his camp and transacting other business.
